GENERAL GUIDELINES

- 1) Send all requests and documents/images in **one** e-mail or fax.
- 2) A separate request should be sent for each different payee or vendor.
- 3) Make sure all paperwork is legible, clear and readable.
 - Use only blue or black ink – not pencil
- 4) **Always** e-mail documents as an attachment.
 - Sending links to Dropbox, Google, etc. **does not work**; also sending documents inside the e-mail (embedded) **does not work either**.
 - **Note to Mac Users:** *Make sure your e-mail setting default is set to send 'Microsoft Friendly Documents'.*
- 5) If ordering items from an online store, please send a copy of the shopping cart in one of the above listed formats along with the request form. **Links do not work** for the shopping cart or your personal account with the vendor.
- 6) Please send all requests only once. Call if you require confirmation of receipt.
- 7) When sending receipts, send the originals; be sure to keep a copy for your records. Please maintain receipts in a neat and orderly fashion (unfold and flatten as much as possible) so they are readable when they are sent to Secured Futures.
- 8) Fill out all forms completely, attach required documents and remember to sign.

Do you have a Smart Phone? Two Apps are available: 1) Genius App or 2) Tiny Scanner. Both take pictures of your documents, save as a PDF and can also send it in an e-mail.
